Re: Update to JFK Hotel - Residence Inn New York Downtown Manhattan Hotel

Dear Flight Attendants,

I have another important hotel announcement. I am pleased to tell you that the Residence Inn New York Downtown Manhattan has been selected as our new crew hotel for JFK layovers. This hotel is located in downtown New York, otherwise known as the Financial District, and is surrounded by bars, restaurants, and shopping.

### **Eateries**

The Westfield World Trade Center Shopping Center is just a 5-minute walk away with over 50 shops and restaurants including Eataly and Apple. This is a beautiful property located just blocks from downtown Austin and within walking distance of several bars, restaurants, and cafes.

The Fulton Street subway station is just steps away offering the same train service to Times Square on the #2 or 3 trains or take those same lines in the opposite direction to Hoyt Station in Brooklyn where you will find Trader Joe's and Katz Deli in the Dekalb Market Food Hall. This area is just 4 stops away and takes only 8 minutes to get there from the Fulton Street Station.

### **Amenities**

You will love the rooms here. They are clean, quiet, and comfortable, and no more fighting for space in the tiny shared crew fridge at the Yotel. All guest rooms at the Residence Inn are equipped with full-sized refrigerators and freezers, microwave ovens, and dishwashers. The hotel has a great fitness center with Peleton, Mirror, and Tonal equipment.

The hotel has negotiated several discounts from businesses in the surrounding area and all you will need to do is show your Hawaiian Airlines logo room key and you will receive your discount. A list of businesses providing us discounts will be issued to you upon check-in. The hotel has a text messaging concierge service as well as room service, and a complimentary breakfast.

### **Ground Transportation**

Please note: I will provide an update on ground transportation and rolling times as I receive it. Crews will transition to this hotel commencing with all arrivals starting on April 12th. We will continue to use the TWA Hotel until April 11th. One last thing, you will always know what time it is while you are occupying your room here. You'll understand this soon!

Mahalo!
