

Hotel & Transportation Committee Alert

re: San Diego Hotel Change

January 24, 2023

Dear Flight Attendants,

I have another important hotel update. Due to the recent upgauge in aircraft from the A321 neo to the A330 on our SAN route, the Westin Gaslamp Hotel has informed us that they are unable to accommodate the additional rooms needed and therefore, commencing with this evening's arrival of flight 16 from HNL, **all crews working the HNL-SAN flight going forward, will be accommodated at our new hotel, the Carté Hotel, and all OGG-SAN crews will remain at the Westin Hotel** until we officially transition ALL crews to the Carté on January 31st.

Please note, the previously announced transition date of February 1st is incorrect, the transition date has now been updated to take effect on January 31st.

As always, please continue to write up any hotel and transportation issues that you encounter using the CrewConneX app.

Mahalo!

Matt Mitchell
